SERVICE ARCHITECTURE

LCX Services

18 services
3 clusters

01 Repurposing as a Service

4 services

Turns assets the client already owns into new formats that reach more people.

1 Reel Forge
Long form videos cut into reels and distributed across 5 to 10 Instagram pages.

4 Airbnb / Property Content
Property photos turned into cinematic reels, carousels and home tours.

10 AI VFX + Animation
Existing footage made cinematic with AI environments and effects.

14 Audiobooks and Audio Web Shows
Books adapted into audio shows. Writers keep the rights and the revenue.

02 AI Asset Creation

8 services

Produces new content and experiences from scratch, replacing the cost of a traditional shoot or build.

2 AI Video for Brands
Product, ad and campaign videos without separate shoots.

3 AI Real Estate Visualisation
Blueprints turned into realistic visuals and walkthroughs before construction.

6 Explainer Videos
Complex products, services and concepts explained visually.

7 Shop Display Videos
Screen content for retail spaces showcasing collections, offers and promotions.

8 AI UGC Product Videos
AI influencers creating recurring product content on a brand's own page.

9 AI Podcasts / Audio Content
AI characters in conversation about products, brands and financial services.

19 Virtual Tours for Schools
Virtual field trips to space, the ocean, ancient civilisations and landmarks.

24 AI Reality Experiences
Immersive VR experiences and games, from walking

03 Tech Solutions

6 services

Builds systems and tools that businesses use in their daily operations, training and sales.

5 Creator × Brand Marketplace
A platform for brands to discover nano and micro influencers and run campaigns.

11 Local Business Tech and Automation
Billing, bookings, WhatsApp follow ups and dashboards for cafes, salons and gyms.

12 AI Business Assistant
On demand answers on sales, tasks and inventory for business owners.

20 AI Simulations for Training
Real world scenarios that test and score sales and customer facing teams.

22 AI Fashion Stylist
An AI mirror near changing rooms that completes the look from store stock.

23 AI Onboarding Employee
A digital trainer that teaches, tests and scores new hires across 10 to 15 parameters.
